## INDIA : YOUR ULTIMATE MEDICAL DESTINATION

India is placed among the top medical tourism destinations in Asia, mainly due to the low cost of treatment, quality healthcare infrastructure and availability of highly-skilled doctors.

Among many other disciplines, India is known for its high standards in cardiology, orthopaedics, nephrology, oncology, cosmetic and neuro surgery apart from general wellness.

India is also known for its rich cultural heritage and birth of alternative treatments such as yoga and ayurveda.

Moreover, the primary reason that attracts medical value travel to India is cost-effectiveness, and treatment from accredited facilities at par with developed countries at much lower cost. The Medical Tourism Market Report: 2015 found that India was "one of the lowest cost and highest quality of all medical tourism destinations, it offers wide variety of procedures at about one-tenth the cost of similar procedures in the United States.

**YOUR HEALTH IS OUR PRIORITY.**

## A PRICE COMPARISON

In the US the bypass surgeries cost \$15,000 - \$40,000 whereas the cost of bypass surgery in India is only 25% of the cost. Knee joint replacement cost in India is around \$5,000 in comparison to countries like the UK where the same surgery costs around \$15,000. These examples are sure to give a general idea of the surgery cost in India.

Also, the regular medical health checkups or examinations such as ultrasounds, blood tests and X-rays are substantially lower in most Indian diagnostic centers.
